Group-menu-selection:

Instructions - Please note!

Please make yourself a menu from the following dishes according to your own wishes. Attention: From this listing can not be on site or unlimited food can not be selected like from a menu!

When choosing your menu, please note that all meals highlighted in gray and marked with * (asterisk) are not in stock and are ordered and prepared especially for you. For this reason, we prepare these dishes only from a minimum order of 20 people. In addition, we need the exact number of people for shopping and preparation. On request, we also offer seasonal dishes that are marked "S" and are not always available.

For bus groups, with limited length of stay, we ask for the order of a menu for all participants from one starter, one main course and one dessert.

For all other groups, please select from the list, depending on the number of participants, 2-3 pre-, 2-4 main and 2-3 desserts in advance. From this list, which you can send to us in advance, the participants can put together their personal wish menu. You can inform us of the number of selected meals before the event. If this is not possible, the participants in the event can choose from this selection. For this we can design a small menu with the pre-selected dishes.
